

Communitas International

Opportunity profile: Campus Mobilizer Internship

Location: Your College Campus / Remote

About Communitas

Who are we? We are a tribe of like-hearted people who are passionate about the good news that Jesus brings. We're people who feel personally responsible for bringing shalom – or peace – into our neighborhoods, cities, and cultures. We are normal people with an extraordinary sense of purpose. Communitas International wants to see entire cities and nations influenced with the gospel as Christians live out Jesus' life, igniting a missional movement in our world. In short, we start and shape communities of faith who love like Jesus in their neighborhood. Do you long for a version of church that revolves around the mission of God? Do you believe that the church was intended to think, care and act like Jesus in our world? If so, then you are aligned with our vision for Communitas! Together we walk toward Christ, walk in community with each other, and walk into the world with His great love. We've been fostering these kind of churches for decades and our name Communitas fits this image of being church together. Communitas now has over 100 church planting projects at various stages in about 40 cities in Europe and 20 cities in the Americas. As we move into the future, Communitas intends to remain an international and entrepreneurial movement. Could you get excited about helping to draw people into this movement for the glory of God and the furthering of his kingdom purposes? Let's talk!

The role...

Are you enthusiastic about God's passion to create a community of Christ-followers from all nations? Do you want to be a part of answering Jesus' prayer to see more workers raised up for the harvest? Would you like to walk with people as they explore God's leading? We're looking for someone who will mobilize people to the mission field. This position involves connecting with other students on campus and helping them lean into their sense of God's calling on their life. You'll be part of a small team that helps students discern and move towards serving the Lord internationally. A wide range of skills and abilities are desired: creativity, shepherding, passion, an ability to keep processes moving, relational tact and personal organization. This is a part-time position, which could work as an internship (3-18 months). We're looking for someone that is a committed follower of Jesus Christ and has a strong commitment to the mission and values of Communitas. Does that sound like you?

The Campus Mobilizer role would involve:

- Creating awareness of who we are, what we do and how others might get involved
- Using creative ways to engage students on your campus
- Casting vision for missionary service
- Being part of a greater international community that is involved in church planting
- Gaining experience and skills in coaching and discipling

We'd prefer the following, but are open to things being a little different...

- Able to communicate so everyone can understand what you are trying to say...
- Be you! Being someone else all day is exhausting and God made you wonderful!

- Proactive as opposed to reactive.
- Servant leaders pretty much rock!
- Have a burning desire to make God famous among the nations.
- Maintain a learning posture and growing walk with Christ, a positive and encouraging spirit, and a strong commitment to the purpose and values of Communitas.
- Work with excellence. Always. At least really try...
- Keep confidential matters strictly confidential.
- Involved in a local church and evidence a growing spiritual maturity.
- A self-starter, able to work remotely, and able to handle project management.
- Prefer international missionary or living experience, but not required
- Must be flexible and able to adjust to a changing work environment and challenges.
- Excellent written and oral communication skills
- Average to excellent computer skills including use of social media and cloud-based software for communications and file sharing (Google Docs).

**** How is this role funded?** The salary and ministry expenses of this position are funded through personal support raising. Self-employed or bi-vocational teammates are also welcome. The applicant will go through our on-boarding process, be provided fund-raising support and training, as needed.

“Jesus committed his disciples to mobilization when he told them to pray for more laborers for the harvest. We get to play a part in seeing Jesus’ prayer answered. In a sense, we are like sheepdogs, exhorting the sheep to follow the Shepherd into his harvest fields.” -Scott, Communitas Global Mobilization Team Leader
