## EUROPE OUTREACH MINISTRY PROJECT 2025-26

- A Step of Hope: Planting a Hindi-Speaking Community Church. As Europe faces growing spiritual emptiness and increasing individualism, the need for faith-centered communities has never been greater.
- With nearly 1.7 million Indian immigrants now living across the continent, there is a unique opportunity to plant Hindi-speaking churches that reflect their language, culture, and spiritual needs. These churches can offer belonging, hope, and a personal encounter with Jesus—serving as a light in a continent drifting from its Christian foundations, and bringing revival to both immigrant and local communities.

# Vision

## PEOPLE NEED HOPE

- Planting Churches. Healing Hearts. Transforming Nations.
- The Church Plant Mission Project in Poland and Western Europe is a Christ-centered, Spirit-led initiative spearheaded by Bro. Emmanuel Joseph, born from a deep burden to see multicultural churches arise in some of Europe's most spiritually neglected yet culturally diverse cities.
- This mission is not simply about starting new congregations—it is about establishing living sanctuaries of hope in the heart of cities where people are wandering in spiritual confusion, emotional isolation, and physical displacement.

# Mission

## PEOPLE WE SERVE

- This mission is not just about church planting—it's about building the Kingdom of God through love, truth, and action. There are three important missions goals that form the foundation of a movement that aims to restore broken lives, awaken spiritual hunger, and build Gospel-centered communities throughout Europe.
- Let this be a mission where Christ is not just preached—but encountered. Where people are not just reached—but discipled. And where churches are not just planted—but flourish in love and power.

# Mission Europe 3:7

## ● 3 Goals

The Three Mission Goals:

- Conduct Weekly Bible Studies in multiple languages to engage diverse communities with God's Word.
- Reach over 5,000 individuals in Year One through gospel-centered care, discipleship, and outreach.
- Establish a “Grace House”—a shelter and support center for vulnerable refugee families, offering care, safety, and spiritual restoration.

## ● 7 Churches

- Planting Hope, Building Communities, Proclaiming Christ Across Europe. As we take our first bold step in planting a Hindi-speaking church in Poland, we recognize the presence of a significant and growing Hindi-speaking Indian diaspora across Europe.
- Countries like Germany, The Netherlands, France, Italy, Spain, and Portugal have become home to large Indian communities, many of whom are working professionals, entrepreneurs, or students, yet spiritually disconnected and in need of fellowship and faith.

## CITY CHURCH UKRAINIAN RELIEF MINISTRY

### Fundraising Experience

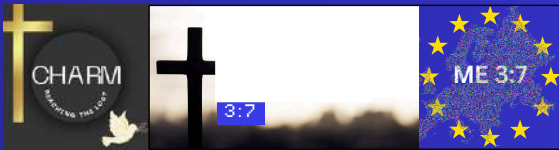

- Moved by the Holy Spirit, Emmanuel journeyed to Rzeszów to assess needs and offer help to the Ukrainian Refugees. This step of faith sparked the launch of the City Church Ukrainian Relief Ministry under his leadership.
- As small as an international church City Church was and is today, the community with the help of Bro. Preston Smith and Pastor Scott Curley and other important members, collaborated with other Christian NGOs to extend outreach across the city of Warsaw and the Medyka border — offering practical help and spiritual comfort to those in crisis. The mission continues a living testimony to God's mercy and the church in action.

## Indian Community Church in Europe

According to the Ministry of External Affairs report updated on 26 November 2024, there are 35.4 million non-resident Indians (NRIs) and People of Indian Origins (PIOs) (including OCIs) residing outside India. The Indian diaspora comprise the world's largest overseas diaspora. Every year, 2.5 million (25 lakh) Indians immigrate overseas, making India the nation with the highest annual number of emigrants in the world.

Mission Europe 3:7 is a vision-driven church planting initiative rooted in the desire to bring the Gospel to these communities through seven new churches in seven different European countries—starting with Poland.
